

Neuropuncture™ DAOM Program Overview

A comprehensive 56 -week journey into the neuroscience of acupuncture combining classical didactic coursework, hands -on practical training, and optional clinical experiential learning.

PROGRAM STRUCTURE

Didactic Coursework Framework

4 Core Courses

56 total weeks of structured learning

3 Hours Weekly

1 hr live + 1 hr recorded + 1 hr assignments

168 Total Hours

Comprehensive didactic instruction

Four Foundational Courses

Neuropuncture's Acupuncture Historical Timeline

15 weeks: Historical context and The Neuropuncture System
The Neuropuncture's 21st century medical mindset

1

Neuropuncture Treatment Principles

10 weeks: Core NTP methodology
1. Special needle technique
2. Principles on how to select your AcuNodes
"The Neuropuncture Treatment Prescription"

3

Neuropuncture Neurophysiological Mechanisms

16 weeks: Understanding NMM foundations
1. Neuroanatomy
2. Neurochemistry
3. Neurophysiology

2

Neuropuncture Electrical Techniques

15 weeks: Advanced NET applications
Electroacupuncture electrical parameters
"The Neuropuncture Treatment Dosage"

4

Weekly Class Structure

Live Instruction

1+ hour interactive sessions with professor

Counts as shadowing

Recorded Video

1+/- hour self-paced learning

Flexible viewing schedule

Independent Work

1+/- hour assignments

Practical application of concepts

👉 HANDS-ON LEARNING

Shadowing: Practical Applications

1

In-Person Format

Supervised practical instruction with direct faculty contact

2

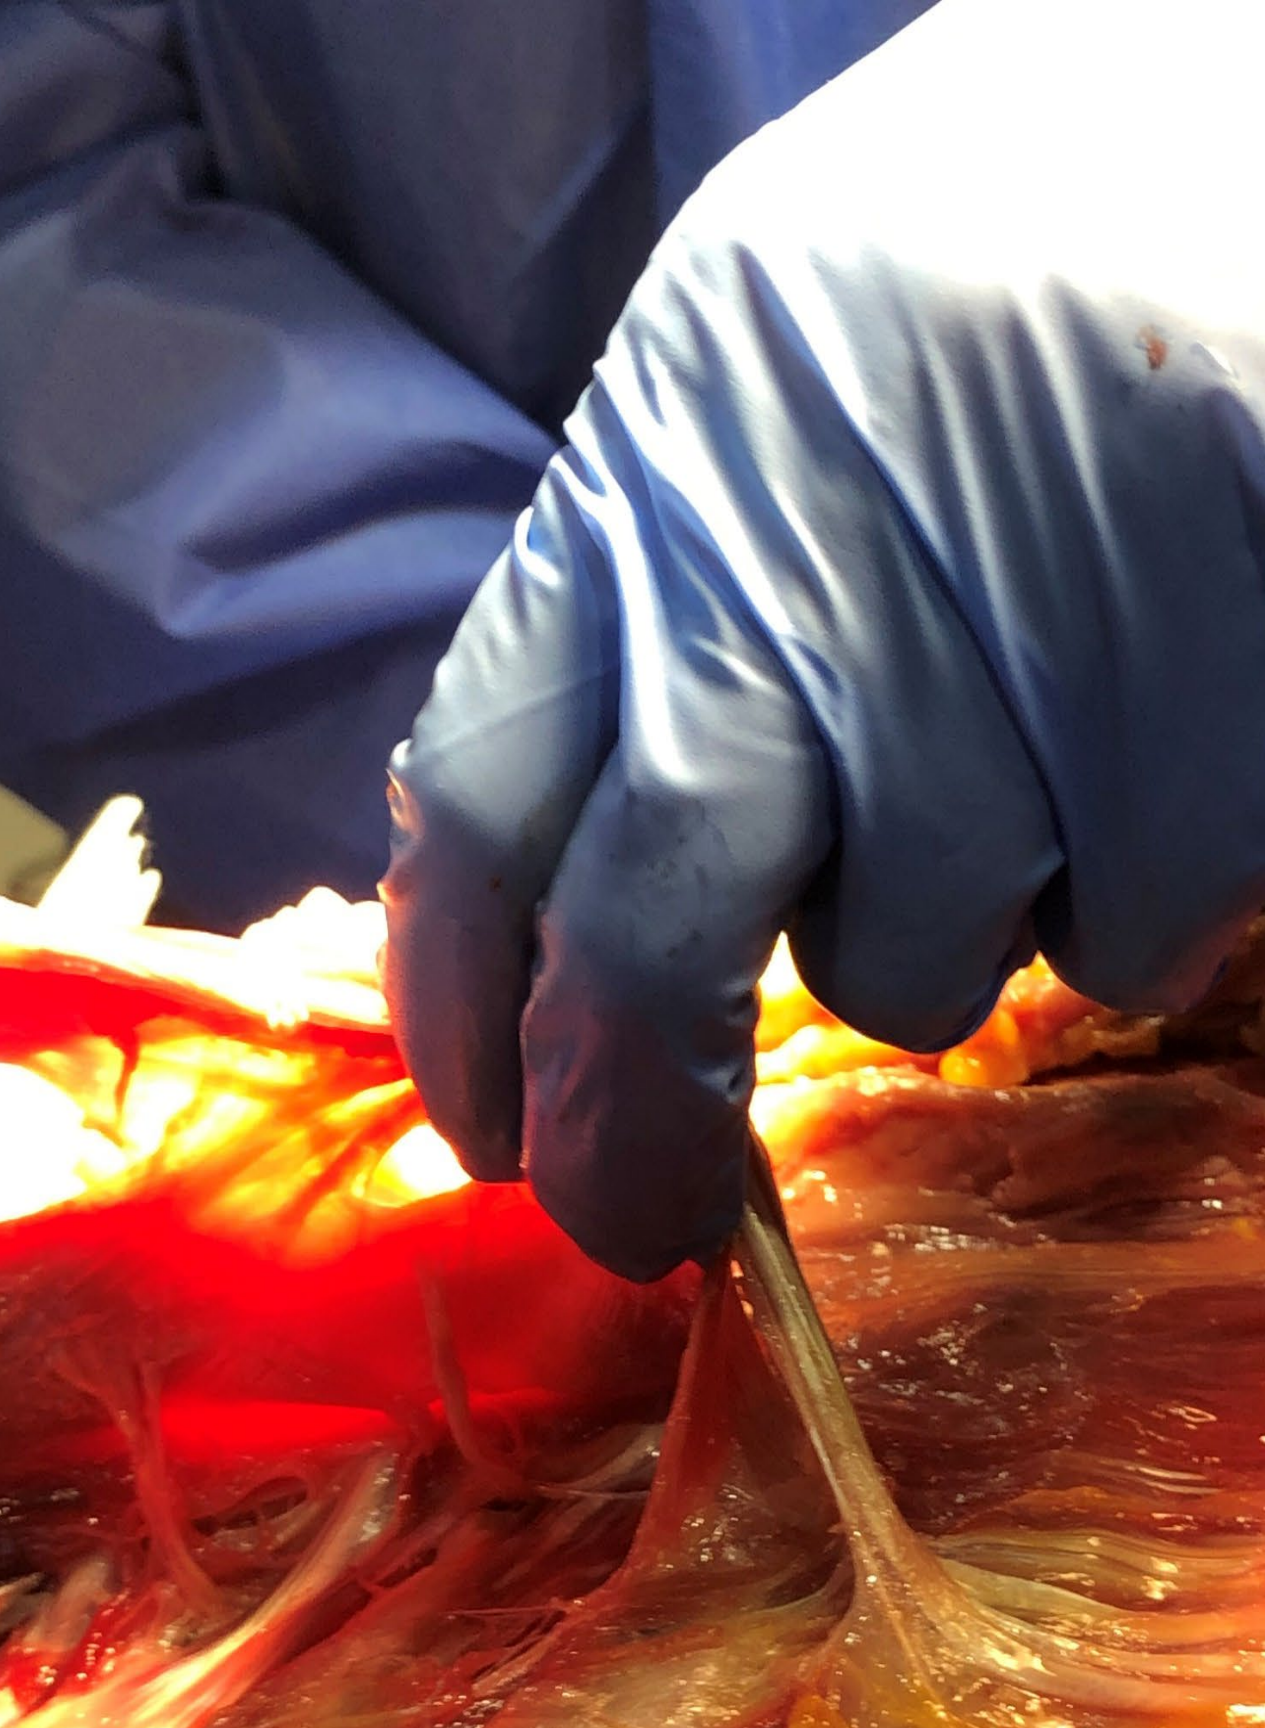

Two Full -Day Weekend of Shadowing in Florida

6–8 hours per session of intensive hands -on training

3

12–16 Total Hours

Additional shadowing and experiential learning hours

Optional Enhancement: MARC Institute

Cadaver Lab Experience

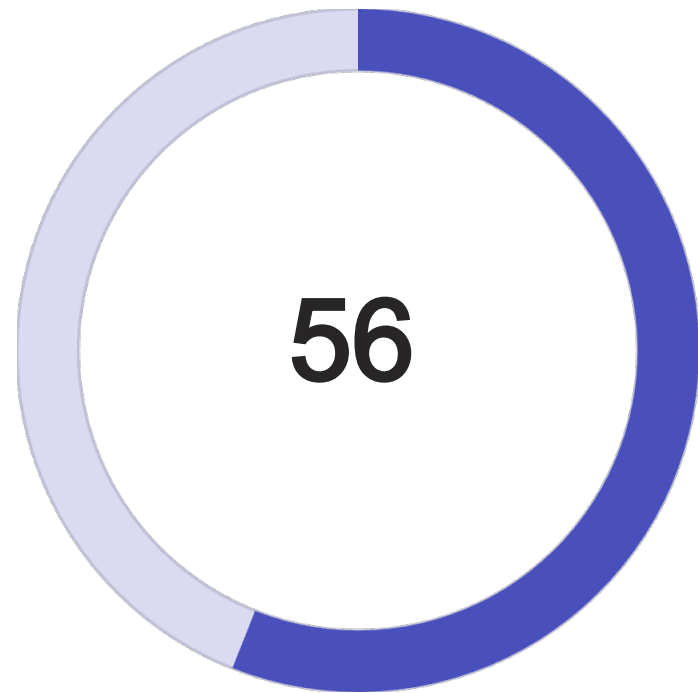

8-hour intensive experiential
learning in Florida

Shadowing Credit

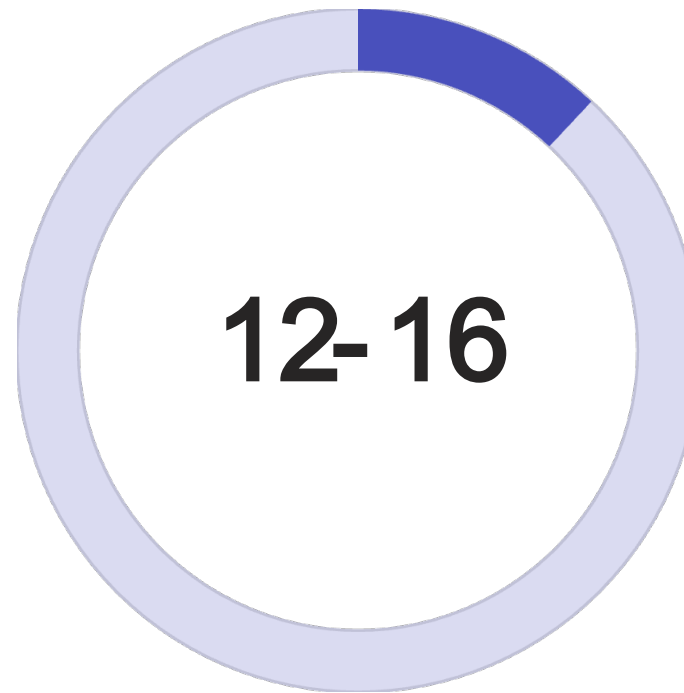

Counts toward total
experiential hours

Direct Faculty Contact Breakdown

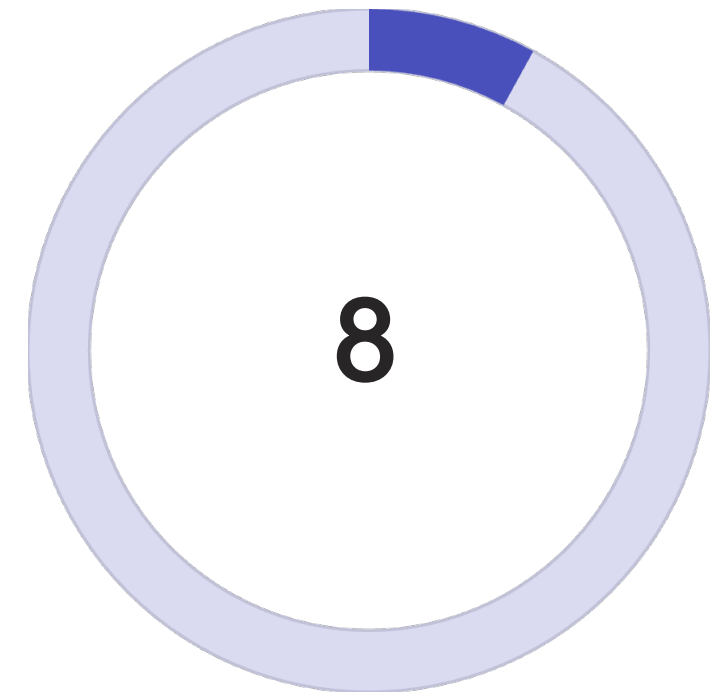

Embedded Live Hours

Weekly didactic instruction

Shadow Weekend

Practical applications

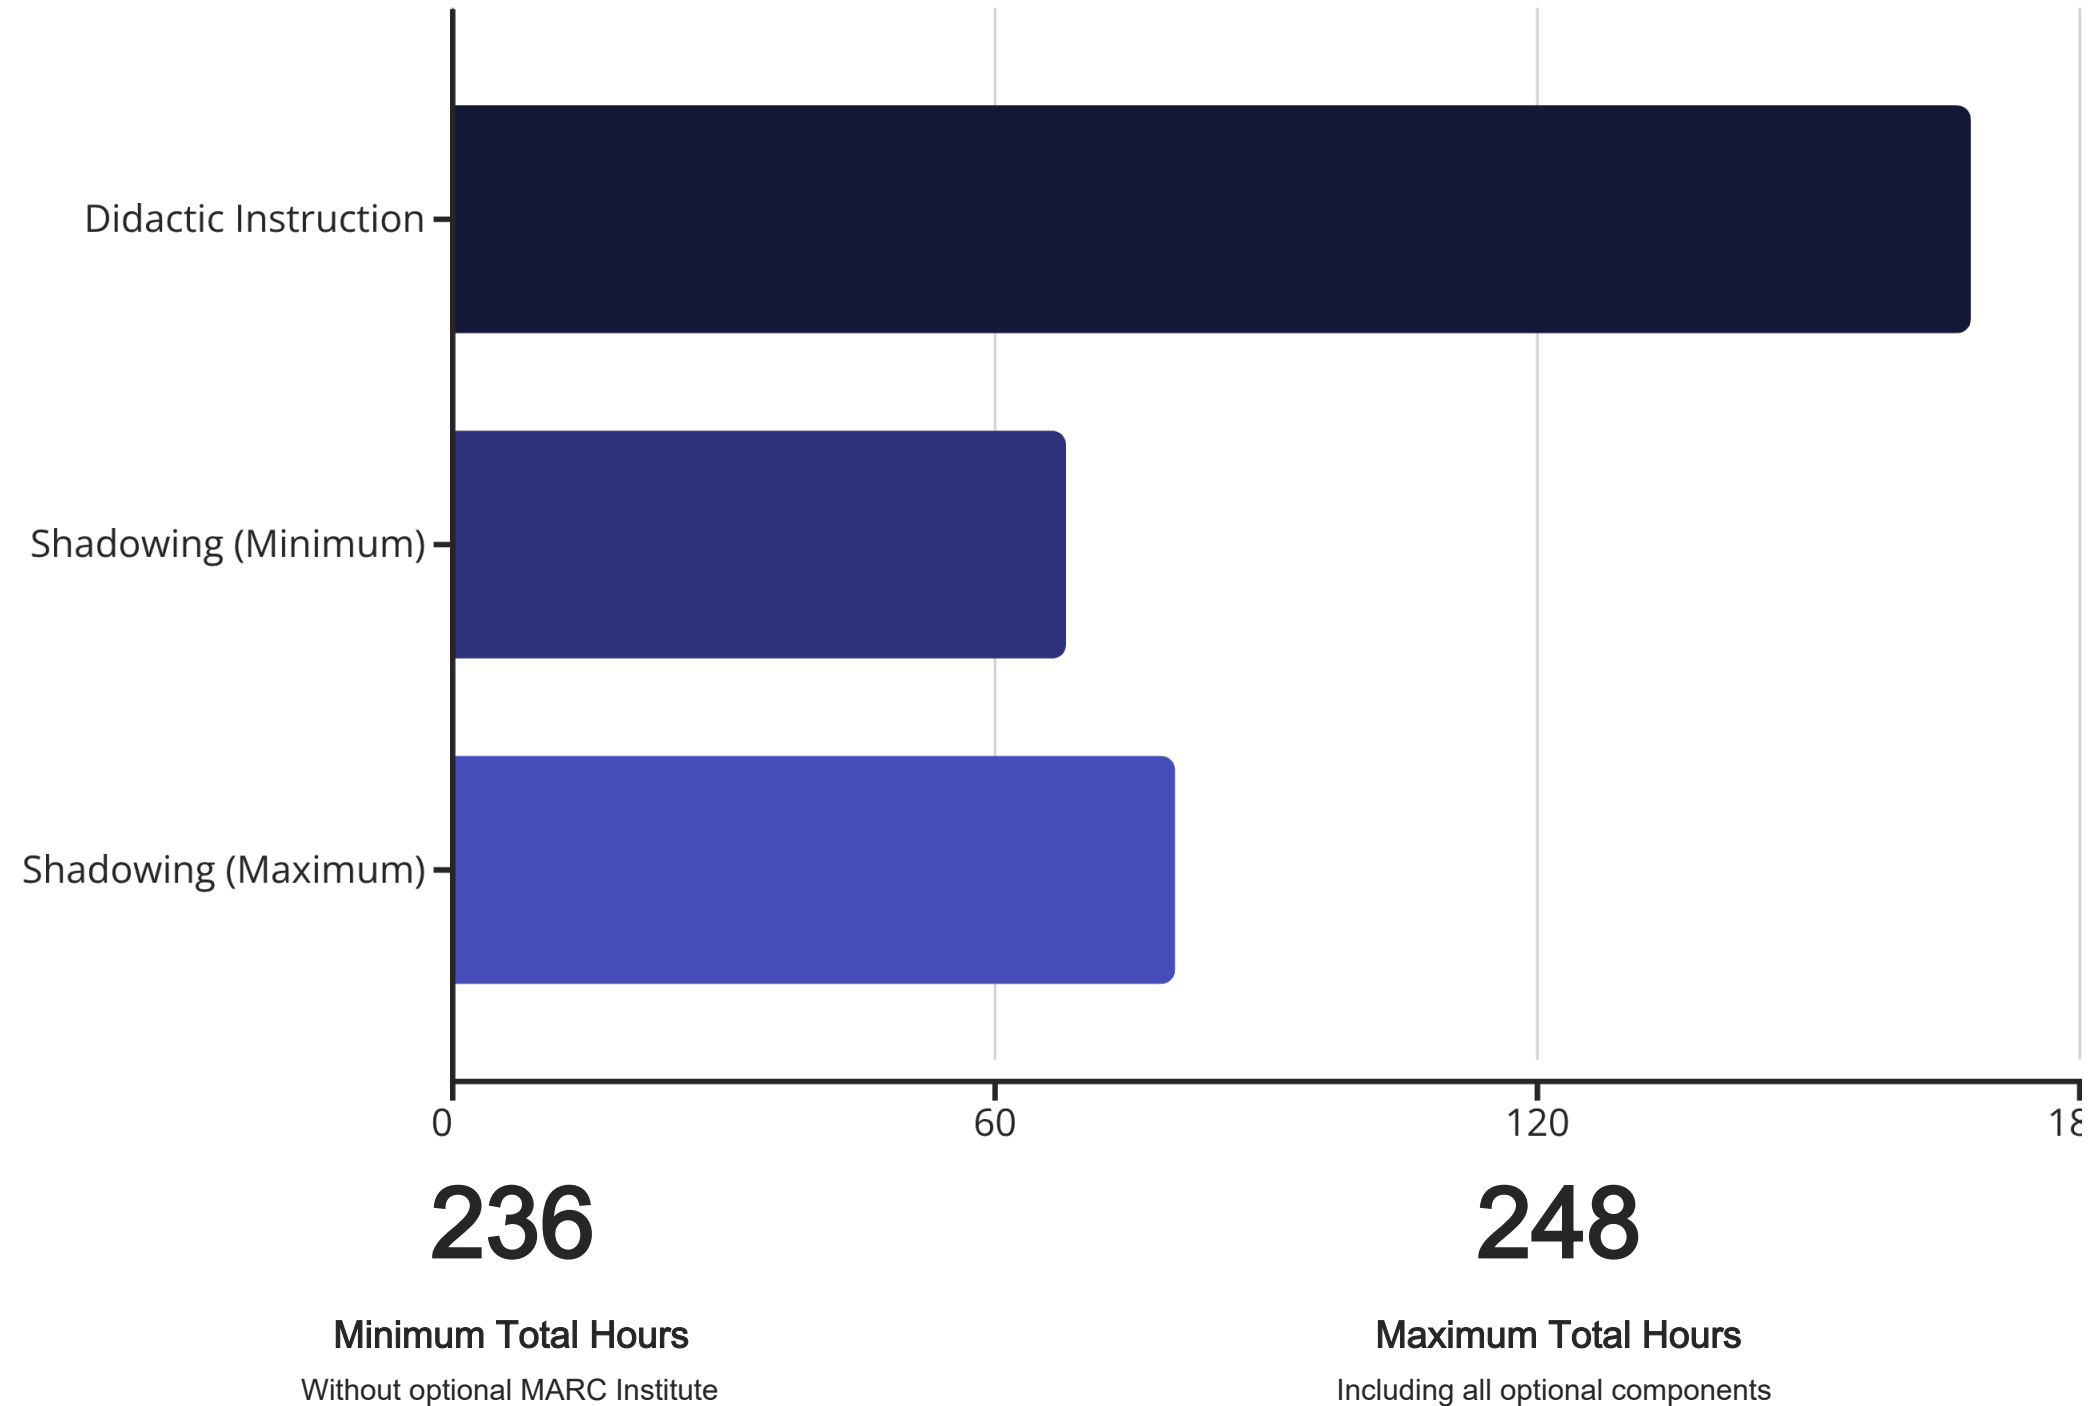

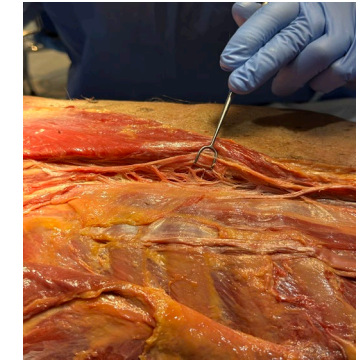

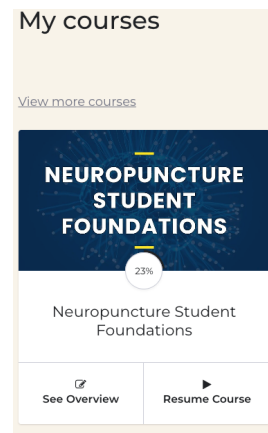

MARC Institute

Optional cadaver lab

📄 **Total Shadowing Hours:** 68–80 hours of direct contact with faculty and supervised practical learning

Complete Program Hour Totals

Program Components at a Glance

Component	Sessions	Hours Each	Total	Notes
Didactic Coursework	56 weeks	3 hrs	168 hrs	1 hr live counts as shadowing
Shadowing Weekend	2 days	6–8 hrs	12–16 hrs	Hands-on supervised learning
MARC Institute	1 day	8 hrs	8 hrs	Optional cadaver lab
TOTAL PROGRAM	—	—	236-248 hrs	All components combined

THE NEUROPUNCTURE DAOM MENTORSHIP PROGRAM

- ▶ The students will receive full access to the Neuropuncture online platform, NeuroLab, for the entire length of the program. Each tract will be opened to them at the beginning of each tract and will remain open, for reference and review, throughout the 4-tract program. This includes weekly webinar assignment schedules, weekly reading assignments, NeuroLab quizzes, and extra content including but not limited to a video library of needle techniques, Neuropuncture Tx Rx, case studies, etc.

Tract	Title	Fee
1	Acupuncture Hx + Neuropuncture 21 st Century Medical Mindset	\$1200.00
2	The Neuropuncture Neurophysiological Mechanisms	\$1200.00
3	The Neuropuncture Treatment Principles	\$1200.00
4	The Neuropuncture Electrical Techniques	\$1200.00
Total:		\$4800.00 USD

THE NEUROPUNCTURE DAOM PRACTICAL PORTION

- ▶ In addition to the comprehensive online curriculum, students have the exclusive opportunity to participate in a hands-on clinical immersion that brings Neuropuncture to life. Through direct shadowing with Dr. Corradino in his clinic, participants observe real-time patient assessments, treatment planning, and precise Neuropuncture needling techniques while engaging in clinical discussions and case-based learning, in addition to mastering their FDA approved Pantheon ElectroAcupuncture device operations. For those seeking deeper anatomical mastery, an optional Neuroanatomy Acupuncture Cadaver Lab at the famous MARC Miami institute, offers direct visualization of neuroanatomical structures and a clear correlation between acupuncture points and underlying nerves—creating a powerful bridge between theory, clinical application, and anatomical precision.

Practical	Title	Fee
1	Florida Shadow Weekend	\$1000.00
2	OPTIONAL: CADVER LAB	\$1000.00
Total:		\$2000.00 USD
Total:	Didactic hours (168)	\$4800.00 USD
Complete Program:		\$6800.00USD

"Neuropuncture has transformed my practice and how I feel about the care I deliver. I have confidence in what I am doing and how I serve patients. Rooted in actual science and tradition it is reproducible , reliable and revolutionary. I was able to use it day one back in clinic.  The outcomes my patients experience are helping to change our healthcare community and give hope to populations who have given up expecting improvement in their conditions." Teresa B, AP, Mac, L.Ac, BSN

Your Path to Neuropuncture TM Mastery

Didactic Foundation

168 hours of comprehensive coursework

Practical Training

68–80 hours of supervised experience

Complete Certification

236–248 total program hours

A balanced blend of theory, practice, and hands -on experience designed to transform your acupuncture practice.
